**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a small business owner who works from my home. I support broadband competition by choosing Sonic.net as my internet service provider. Why? because they are local and care that all systems function. They moved me up from DSL to fiber optics, throughput is now fast and rarely fails and they provide me telephone service.

I say NO to price hikes that will increase the cost of internet and telephone services.

Sincerely,

Keith Cranmer
